Youth4DigitalSustainability 2020

How it came to be

- Youth IGF Summit 2019 gi.de/to/P-9eb195

- Sustainability Corner at the Internet Governance Forum 2019

- "Environment" as a key theme of the IGF 2020

Youth + Sustainability = Perfect Match

What is it about

Digital sustainability as a theme of different, but interdependent topics

Environmental

Economic

Social

Structural/Governance

What is it about

Youth advocacy through expertise

Theme-focused

Transdisciplinary

Regionally diverse

Approach: From where we stand

What is it about

Collaborative policy work by young people

Stages of exchange

Decentralized workflows

Tangible outcome

Approach: The bricks that built the houses

How we do it

Four thematic Working Groups

Selected through open call based on motivation and expertise

16 to 30 years old

11 to 15 members – 53 in total

32 countries

Diverse academic, professional and activist backgrounds

# How we do it
